CAREER OBJECTIVE

I am currently pursuing my MCA degree at St. Joseph's College (Autonomous). I have knowledge of IoT devices and the connection of sensors with computers, and my undergraduate project is based on this domain. I have a good understanding of programming and database concepts, and I am capable of writing and managing queries.

EDUCATION

- **Master of Computer Applications (MCA)** (*Pursuing*)
St. Joseph's College (Autonomous), Tiruchirappalli (2025 – 2027)
 - **Bachelor of Science in Information Technology (B.Sc IT)**
Cauvery College for Women, Tiruchirappalli (2022 – 2025)
 - **Higher Secondary Certificate (HSC)** – 87%
 - **Secondary School Leaving Certificate (SSLC)** – 87%
-

PROJECT

Smart Home IoT System

- Developed an IoT-based system to remotely monitor and control home appliances.
 - Implemented basic sensors and automation techniques to improve efficiency and convenience.
 - Designed the system to enhance energy management and user control through simple interfaces.
-

ACHIEVEMENTS

- Published a research paper titled “**Accuracy in Cloud Security Systems**” at an International Conference.
 - Presented an innovative idea at **Pickfest**, an international-level event conducted at the college.
-

CERTIFICATIONS

- Successfully completed a course on **Body Language** through the NPTEL portal and obtained certification.
 - Completed **Software Skills Development** course on the NPTEL platform, enhancing technical and professional skills.
 - Earned certifications in **MS Access** and **Python Programming** through college-organised events and workshops.
 - Successfully completed a **Database Management Systems** course on the NPTEL portal, gaining strong foundational knowledge in databases.
-

TECHNICAL SKILLS

- Python (Basic)
- HTML, CSS (Basic)
- MS Excel, MS Access
- IoT & Cloud Security Fundamentals

SOFT SKILLS

- Leadership,
- Adaptability,
- Communication,
